A. P. A. FALLS IN LINE.

McKinley Is Found to Be Just The Man For Them.

ALL STORIES ARE UNTRUE.

His Attitude Toward the Order and His Americanism Are All That Could Be Desired by Any Member of the Order.

WASHINGTON, May 14.—The advisory board of the A. P. A. met during the afternoon and discussed various matters, but no conclusive action was reached on any one thing. The committee on the president's message also met and will be ready to report to the convention today. E. J. Stickle, J. N. Stillwell and Egbert Doyl, members of the state executive board of Ohio, have addressed the following to the national board of the association:

"We, the undersigned members of the Ohio A. P. A., after a careful, thorough investigation of the record of William McKinley of Ohio with reference to his attitude toward our order and his Americanism, say we do not find any evidence to warrant the charges made against him by the executive committee of your board."

The friends of McKinley in the council are taking in the charges against Judge Stevens, brought from Ohio. All the papers bearing on the case have been printed and a copy of the charges sent to Mr. Stevens by General Grover of Ohio.

SCOTT JACKSON'S DEFENSE.

Attorney Lockhart Will Close the Case For the Commonwealth.

NEWPORT, Ky., May 14.—Attorney Crawford, for the defense in the Scott Jackson case, closed his argument. Among the propositions presented was one that Pearl Bryan was dead before her body was left in Kentucky, and another was that if she was killed in Kentucky the murderer was not Scott Jackson. Attorney Lockhart made the closing argument for the commonwealth.

After 28 days since the trial of Scott Jackson began the arguments, which consumed the last three days, ended last night. This morning the case was given to the jury.

The prisoner, Scott Jackson, though apparently weary and during the last three days a trifle crestfallen, has maintained his self-possession to the last.

The weather nearly all the time has been in the Fahrenheit nineties. Some of the jury are becoming exhausted, and for that reason it was decided not to give the case to them till morning.

Hacked His Wife to Pieces.

OTTAWA, Ills., May 14.—James McGuire, a kilnsetter, employed at the Union tile works, stabbed his wife 31 times and then plunged the knife into his own breast five times. The woman was literally hacked to pieces. McGuire is in jail. His injuries, although severe, are not fatal. Jealousy was the cause of the act.

CHASED A SMALL BOAT.

But It Got Away From the Cruiser and Landed in Cuba.

HAVANA, May 14.—The mayor of Berrecoas, on the north coast of the province of Pinar del Rio, reports that the boat found abandoned in his district and supposed to have landed a small expedition, was marked "Steamer Shelter Island No. 4." A small American steamer named Shelter Island, trading between Key West and Miami, was lost off Loggerhead Key, 20 miles east of Key West, in February last.

While cruising in the vicinity of Point Media Casa the commander of the Spanish gunboat Diego Valasquez saw a boat manned by several men off shore. The gunboat got as near as possible to the small boat and then an armed boat from the former was sent in pursuit. But in spite of the fire of the rapid-fire gun on the Diego Valasquez's boat the supposed filibusters succeeded in landing and escaped.

The sailors and marines from the armed boat pursued the alleged insurgents, destroyed a salt mine belonging to the enemy, and after three hours' search the armed boat returned to the Diego Valasquez with the captured small craft.

The United States has intervened in behalf of two more of the men of the schooner Competitor. The men's names are Charles Barnett and William Levitt. They were brought here from Bahai Honda, having been captured in Pinar del Rio after they landed. They are citizens of the United States and so notified the United States consul general, Mr. Williams. They also informed the consul general that they were unnamed when captured.

Consul General Williams has, in consequence, presented the claim regularly and the men shall be tried by the ordinary civil courts, and not by court martial, according to the rights of American citizens. The cases of these two men differ from those of the five men captured on the Competitor only inasmuch as they had landed in Cuba before being captured, and so have a clearer title to a trial, being residents of Cuba, as technically provided in the treaty guarantee.

It was on the ground of nonresidence that the authorities at first denied a civil trial to the men captured on the Competitor. In view of these facts it is not expected that any difficulty will be made about according Barnett and Levitt a civil trial.

Result of a Battle.

KEY WEST, May 14.—Advices from Havana state that in the recent action

between General Antonio Maceo and General Yimelan at Cacarais, Pinar del Rio, 400 Spaniards were killed, while the Cubans lost 17. Socarras, the famous Cuban leader, was killed in this battle.

HUMANE SOCIETY.

Issues an Edict Against Carrying Babies on Bicycles.

CHICAGO, May 14.—The fond father, the admiring uncle and doting big brother, who have been in the habit of strapping baby into a basket or other contrivance and giving the youngster a ride on the bicycle, must forego that sort of amusement or incur the liability of prosecution. Such is the edict of the Illinois Humane society. The officers of the society have been giving the matter serious investigation. The brunt of a shock when a collision occurs is only one of the least objections raised.

Medical experts, they say, are convinced that the rapid and unnatural motion affects the child's brain. The official protectors of the children propose to invoke the aid of the law.

Intended to Elope.

ZANESVILLE, O., May 14.—Samuel Barnett, a young man employed by Benjamin Yaw, the venerable father of Sheriff Yaw, is in jail here on the charge of stealing \$65 from his employer at his home near New Concord. He intended to elope with a young lady working at the Commercial hotel at New Concord, going to Newport, Ky., to be married.

FRENCH CRITICISM.

Brother Jonathan and John Bull as Much Alike as Two Peas.

PARIS, May 14.—French newspapers make further adverse criticism on the attitude of the United States in the matter of the Competitor filibusters. The tone of the comment corresponds with the following, which is from The Eclair:

"It is clear that Brother Jonathan has just as many scruples as his brother, John Bull. He wants to interfere at any price in affairs which do not concern him. The policy will not find supporters in France."

Will Reproduce It in Marble.

ATHENS, May 14.—M. Averoff, the wealthy Greek resident of Alexandria to whose munificence was due the restoration of the stadium in which occurred the Olympic games, has decided to enter upon the work of reproducing the stadium in marble. On the opening day of the Olympic games a statue of M. Averoff was unveiled in Athens as a recognition of his generosity in defraying the costs of restoring the stadium.

Creditable Thank Offering.

ERIE, Pa., May 14.—The second day's session of the Women's Missionary society of the United Presbyterian church of North America closed with a thank offering amounting to \$15,000.

SEVEN INDICTMENTS.

Returned by the Grand Jury. Seventy-two Witnesses Examined.

After examining 72 witnesses the grand jury yesterday returned 7 indictments.

Lee Frost, Frank Frost and Curtis Brown were each indicted for burglary and grand larceny; George White, for burglary and grand larceny; Thomas Manning, for adultery and also for incest; Charles Blaine, for abducting Mary A. Morris, a nine year old girl, and also for assault with criminal intent. All persons who are indicted have been placed in the custody of the Sheriff.

FIFTY-FOURTH CONGRESS.

In the Senate.

WASHINGTON, May 14.—The river and harbor appropriation bill was passed by the senate after an unusually stormy experience lasting many days. As finally passed the bill makes direct appropriations of \$12,200,000, and authorizes continuing contracts of \$4,000,000, an aggregate of about \$16,200,000.

During the debate the statement was made that this was the largest aggregate for a river and harbor bill in the history of the government. Mr. Gorman sought to secure an amendment to the bill limiting the contract expenditures to \$10,000,000 annually, but the amendment was tabled, yeas, 40; nays, 21.

Mr. Frye, chairman of the commerce committee, closed the debate on the bill by a statement showing the remarkable development of American commerce and the consequent decrease in foreign rates. On the final passage of the bill also senators voted in the negative.

A number of house bills on the calendar were passed during the day, including the bill requiring a year's residence in any territory as a requisite to divorce. The Dupont case comes up by agreement today.

Weather Indications.

For West Virginia—Fair, followed by showers; southerly winds.

For Ohio—Partly cloudy weather with conditions favorable for thunder storms; brisk southeasterly winds.

For Indiana—Local thunder storms; fresh and brisk southerly winds; cooler.

Dr. WHEELER'S NERVE VITALIZER

We are apt to condemn all articles because similar ones prove worthless. Persons often reason, I have nervous prostration, St. Vitus' dance, spasms, rheumatism, can't sleep and am in a debilitated condition, have tried best physicians and most widely advertised remedies, but there is no cure for my case. No matter what your past experience may have been Mr. Wheeler's Nerve Vitalizer will positively cure every case of nervous trouble—no failures. Here is expert evidence of that fact, Mr. J. H. Hutchings, Bancroft, Mich., for 20 years a successful druggist, tried every preparation he could hear of without benefit. Dr. Wheeler's Nerve Vitalizer cured him. The following are his words, read them:

"I had a special trouble for years causing serious nervousness, sleeplessness and headache. One night a watchman can tell you how many and many a night I have walked the streets for hours, hoping to tire myself to a condition of sleep. During these years I have tried nearly every remedy coming to my notice, with only a stupefying effect like morphine. The use of Dr. Wheeler's Nerve Vitalizer was an exception, its beneficial effects were prompt and lasting; I secured refreshing sleep, my nerves were strengthened and through my health was restored. From observation and experience I believe Dr. Wheeler's Nerve Vitalizer to be the best remedy for all nerve troubles, including general debility." Mr. Hutchings is certainly a competent judge and his testimony is significant.

Mr. D. P. Davis, a prominent liveryman and merchant of Goshen, Va., has this to say on the subject of rheumatism: "I take pleasure in recommending Chamberlain's Pain Balm for rheumatism, as I know from personal experience that it will do all that is claimed for it. A year ago this spring my brother was laid up in bed with inflammatory rheumatism, and suffered intensely. The first application of Chamberlain's Pain Balm eased the pain, and the use of one bottle completely cured him. For sale by Melville Bros., old postoffice corner, and C. W. INSPECTOR'S REPORT

Of the Various School Buildings in Lima.

Some Are Not Safe, Some Are Not in Good Sanitary Condition—New Buildings Needed.

At the last meeting of the School Board the following report was made of the inspection of the various school buildings.

LIMA, O., May 11, '96.

To the Board of Education of Lima, Ohio:

Your committee on building and repairs begs to make the following report with their recommendations as to the various buildings in said city:

We wish to recommend the report of the state inspector, hereto attached, with the following exceptions: We do not believe it wise to follow the instructions of "Order 61" of said report, but rather think the suggestions in the letter from the inspector, under date of April 30th, 1896, ought to be adopted. In addition to this we would recommend that a new building be built on north Jefferson street, and two more rooms be added to the building on south Pine street. Also, that in line with the suggestion in said letter of April 30th, which is hereto attached, a new building be built in place of the west High street building, and on its present site, and that sufficient bonds be issued to meet the expenses of said buildings and repairs.

Respectfully submitted,
F. X. GALARNEAU,
J. W. BROWN,
HENRY BLOSSER,
Committee.

STATE INSPECTOR'S REPORT.

COLUMBUS, G., April 26, 1896.

Public Schools, Fifth District:

Mrs. Anna Vicary, Clerk of Board of Education, Lima, Ohio.

DEAR MADAM: An inspection was made of the Lima public school buildings, March 30th, 1896, by W. Duncomb, Fifth District Inspector, who found it necessary to issue the following orders:

Garfield, or East Building, (High school Building)—"Provide better means of egress from building by erecting a balcony stairway fire escape on the east end of building, balcony at third floor to take in one window of each room; balcony at second floor to take in corresponding windows with a flight of eight (8) inch rise and eight (8) inch tread stairs between, twenty one (21) inches wide, and from the balcony at second floor a flight of eight (8) inch rise and eight (8) inch tread stairs forty-two (42) inches wide to descend to the ground; said fire-escape to be constructed in accordance with the specifications mailed under separate cover with the exception spoken of in order; change all exit doors to open outward; provide some efficient means for extinguishing fire throughout the building, to consist of either stand-pipes and hose or some recognized chemical extinguisher. If chemical extinguishers are placed provide a kind that has been approved of by some board of underwriters."

South Pine street school building—Change all exit doors to open outward; provide some efficient means for extinguishing fire throughout the building, to consist of either stand-pipes and hose or some recognized chemical extinguisher. If chemical extinguishers are placed provide a kind approved by some board of underwriters. The same changes are authorized for the west Spring street school building and the south Elizabeth street school building.

Order 62. Provide better means of egress from building by erecting an outside iron stairway on the east end of building, balcony at third floor to take in the first window from south corner with a flight of seven (7) inch rise and ten (10) inch tread stairs, to descend northward with an easy landing at second floor, thence to the ground, said landings and stairs to be forty-two (42) inches wide and constructed in accordance with the specifications mailed under separate cover; all exit doors to open outward; provide some efficient means for extinguishing fire throughout the building, to consist of either stand-pipes and hose or some recognized chemical extinguisher. If chemical extinguishers are placed provide a kind approved of by some board of underwriters."

Grand avenue school building—Change all exit doors to open outward; provide some efficient means for extinguishing fire throughout the building, to consist of either stand-pipes and hose or some recognized chemical extinguisher. If chemical extinguishers are placed provide a kind approved of by some board of underwriters."

For every quarter in a man's pocket there are a dozen uses; and to use each one in such a way as to derive the greatest benefit is a question every one must solve for himself. We believe, however, that no better use could be made of one of these quarters than to exchange it for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that every family should be provided with. For sale by Melville Bros., old postoffice corner, and C. W. Heister, 58 Public Square.

that the old west building is described in our order as 62, and mentioned also that it is not located on Grand avenue. We have not located the building mentioned in 62 on Grand avenue, but order 63 is mentioned as south Grand avenue school building. Following are the remarks which were enclosed in blank filled out with the inspection of West End school building, known as No. 62, made by the inspector:

"This building is a three story brick, 12 rooms and has been built about forty years. While the foundation is still good, the brick walls are cracked in many places on all four sides, some of the cracks starting at top and extending down to the water table. The building has been rodged by rods runs running through from all sides; the sills seem to be plumb and as straight as when they were built; floors and timbers also seem to be perfectly rigid. The building has no basement and the first floor is very close to the ground, which causes floors to be damp; rooms have no ventilation other than windows, which causes air to be very bad. I do not feel like condemning this building on the above conditions, but would recommend a new one."

Trusting this will be what you desire and that I may be in receipt of a letter soon stating that the board has taken action to comply with orders, I am yours very truly,
J. W. KNAUB, Chief Inspector.

For every quarter in a man's pocket there are a dozen uses; and to use each one in such a way as to derive the greatest benefit is a question every one must solve for himself. ANOTHER REPORT.

COLUMBUS, O., April 30, '96.

Mrs. Anna Vicary, Sec. Board of Education, Lima, Ohio.

Dear Madam—Your letter of the 29th inst. has been received and contents noted. You say in your letter

TURNS THIS ONE DOWN

Mr. Glenn Will Not Handle the Mail at Carlisle, Ky.

CIVIL SERVICE NOT IN IT.

Senator Blackburn Says Glenn Is Opposed to Him For Not Supporting Him During His Recent Lively Campaign.

WASHINGTON, May 14.—The senate committee on postoffices and post roads decided to report adversely the nomination of T. J. Glenn as postmaster at Carlisle, Ky. This action was taken on the representation of Senator Blackburn that Glenn had been exceptionally active in opposition to him in the campaign last fall and was therefore obnoxious to him. It was also stated that Senator Lindsay was opposed to the confirmation.

Wants Liquor Investigated. WASHINGTON, May 14.—Representative Morse (Rep., Mass.) reported to the house from the committee on alcoholic liquor traffic a bill to provide for a commission of five persons to investigate the effect of the liquor traffic, its relations to revenue and taxation and its general economic, criminal, moral and scientific aspects in connection with pauperism, crime, social vice, the public health, etc.

Fowler Gets the Decision. WASHINGTON, May 14.—The board of examiners in chief in the patent office rendered an important decision awarding priority of invention on a type setting and line casting machine to John C. Fowler over Philip T. Dodge, president of the Mergenthaler Linotype company.

Armor Plate Tested. WASHINGTON, May 14.—An eight-inch Harveyized nickel steel reformed plate was tested at the Indian Head Proving Grounds. The plate represents a lot of 600 tons constructed by the Carnegies for the Russian government and the test was entirely satisfactory.

Treasury Gold Reserve. WASHINGTON, May 14.—The treasury lost \$1,511,900 in gold coin and \$24,000 in bars, which leaves the true amount of the gold reserve \$114,486,881. Of the total withdrawals, \$1,500,000 was for export.

From Imprisonment to Fine. WASHINGTON, May 14.—Senator Gorman, from the committee on interstate commerce, reported the bill changing the penalty for violation of the interstate law from imprisonment to fine.

Approved by the President. WASHINGTON, May 14.—The president has approved the act making provision for the deportation of Canadian Cree Indians from Montana and their delivery to the Canadian authorities.

Name and Location Changed. WASHINGTON, May 14.—The location and title of the First National bank of Sprague, state of Washington, has been changed to the Fidelity National bank of Spokane, Wash.

DEATH SENTENCES COMMUTED. England's Dupes Have Been Granted a New Lease on Life.

BERLIN, May 14.—A private telegram has been received which asserts that the sentences of Francis Rhodes, Lionel H. Phillips, J. H. Hammond and George Farrar, the four members of the Johannesburg reform commission sentenced to death and which were commuted, have been fixed at imprisonment for five years.

The sentences of the 59 other members of the reform commission which were fixed by the court at two years' imprisonment and a fine of £2,000 followed by three years' banishment, have been commuted to one year's imprisonment.

Western Congregationism. MARIETTA, O., May 14.—The centennial celebration of western Congregationism in connection with the meeting of the Ohio association continued here with Rev. D. L. Ladd of Cleveland presiding. Resolutions of sympathy for the seven Congregational teachers arrested at Orange Park, Fla., were adopted.

Extended the Date.

New York, May 14.—The board of managers of the joint traffic commission have recommended that the date on which the rules regarding storage, diversion and delivery of flour become effective at New York, Albany and Lake Erie port be extended to June 1.

To Foretell a Run.

St. Louis, O. T., May 14.—The First National bank of El Reno closed. The officers claim this was done to forestall an impending run. They say that depositors will be paid in full. Liabilities and assets are not known but are presumably about equal.

Second Day's Session.

PHILADELPHIA, May 14.—At the second day's session of the sixth annual convention of the military surgeons of the United States Colonel N. Senn, general surgeon, spoke of "a new bullet for ships" and exhibited an instrument he had recently made.

Tickets and Badges.

St. Louis, May 14.—Colonel Timothy E. Byrnes, sergeant-at-arms of the Republican national convention, who has been here several days arranging for the printing of tickets and badges, has let the contracts for that work to local firms.

For the Ohio Man.

CLARKSBURG, W. Va., May 14.—The Republican convention today will declare for McKinley, protection, reciprocity and sound money.

An Old Man Dead.

PITTSBURGH, May 14.—John H. McKelvey of the National Leader Oil company died in this city.

COMMITTEES ARE SLOW.

They Have Impeded the Progress of the Conference.

CLEVELAND, May 14.—The delay in the proceeding of the Methodist general conference owing to the failure of the committees to present their reports, is about at an end. With the election of the bishops and conference officers, the conference will get down to real solid work and the sessions from now on are likely to be full of interest. Following the election will come the settlement of the time limit question, and then will probably be a spirited contest over that.

The most important business at Wednesday's session was the adoption of a resolution changing the time of the meeting of the general conference from the first of May to the first Wednesday in May. There was much oratorical sparring among the delegates but the best of spirit prevailed throughout the session.

The committee on episcopacy decided to recommend to the conference that Bishops Bowman and Foster be declared non-effective, which is equivalent to retirement, and that three new bishops be elected. It was practically decided to take the same action in regard to Bishop Taylor of Africa, but his speech to the committee induced it to defer action. All three bishops were before the committee and said they were in the hands of the general conference and satisfied that whatever the conference might do was the will of God. Bishop Taylor, however, explained his peculiar relation to the work in Africa and the success he had achieved in raising money for it, some of the efforts in this direction being still in progress. Bishop Bowman is 60 years old. Bishop Foster 76 and Bishop Taylor 73, and the labors and responsibilities of Methodist bishops are great.

The committee decided to recommend that one of the new bishops be of African descent. The candidate of the colored delegates is Rev. Dr. Bowen of Gammon Theological institution. It was also decided to recommend the continuance of the missionary conferences in Africa and Asia and to have two conferences instead of one.

The committee on itinerancy will recommend that in rare cases the limit of age may be extended one year by an appeal by the congregation to the conference where it must have a three-fourths vote, after which it must receive the vote of the majority of the cabinet of presiding elders, including the president and then the bishop must confirm it.

This may be done after year for five years, making the longest possible pastorate 10 years. The lady claim that it will defeat this plan tomorrow. A minority committee report for the abolishment of the time limit will be submitted to the conference and will probably be supported by the laity.

The committee on consolidation of benevolences approved the proposed union of the tract and missionary societies, but opposed the combining of the board of education and the freedman's and society.

The revisal committee ordered that there be presented to the conference a rule requiring that one of the first questions asked in examining candidates for licenses as local preachers must be that regarding the use of tobacco. The proposition to substitute the term general church for holy Catholic church in the discipline was defeated.

The committee on state of the church decided in favor of adhering to the present method of electing officers and editors in general conference refused to approve any of the changes proposed regarding amusements.

The plan of establishing funds for superannuated ministers in conferences is being considered by the temporal economy committee. The temperance committee is in the midst of a hot fight on a long series of resolutions which those who oppose them declare would tie the church to the Prohibition party.

THERE WILL BE A STRIKE.

Mule Spinners Will Not Submit to a Reduction of Wages.

BIDDEFORD, Me., May 14.—A strike of mule spinners in this city seems imminent. Samuel Ross of New Bedford, secretary of the National Mule Spinners' union, has reached here in response to a summons from the local mule spinners' union. Mr. Ross called upon Robert McArthur, agent of the Pepperell and Lacombe mills, and asked the agent to shut down the mills for a few weeks to relieve the overproduction instead of cutting the present scale of wages.

The agent declares that such action would not be fair to the other corporations and it was not within his power to grant the request. The local spinners are determined not to accept a cutdown and it is believed here that a strike will be ordered by the national board.

Two Men Burned.

EVANSVILLE, Ind., May 14.—Fire destroyed the barn and outbuildings on the farm of Mrs. Lizzie Aiken, a few miles from this city. Two men sleeping in the barn were probably fatally burned. Twenty-two head of mules were cremated and 16,000 bushels of corn destroyed. The loss will reach \$10,000; half insured.

Georgia Rifleman Wins.

SATANNAH, May 14.—Georgia rifleman again proved their superiority as marksmen over the District of Columbia engineer corps by winning the E. C. Powder company's handsome silver trophy in the regimental team match.

Diamond Thieves Arrested.

New York, May 14.—John Reinhardt and Clara Quinn were arrested, charged by the police that they have knowledge of \$18,000 worth of diamonds belonging to Frank Pollack.

Killed by a Car.

LEXINGTON, Ky., May 14.—Miss Marie Todd, 20, daughter of Dr. Lyman Beecher Todd, was killed by a trolley car while she was bicycling. She was a cousin of Robert Lincoln.

A Bank Stock Deal.

CINCINNATI, May 14.—Cashier Morris White of the Second National bank was relieved of 49 shares of bank stock worth more than \$5,000, by a pickpocket. Payment was stopped.

NONE NEED FEAR IT.

The Pyramid Pile Cure Cures the Most

Aggravated Cases of Piles

WHILE AUSCULTING SOULY.

Pyramid Pile Cure will cure the most aggravated case of hemorrhoids in an astonishingly short time. It relieves the congested parts, reduces the tumors instantly, no matter how large, allays the inflammation and stops the itching and itching at once. Thousands who had resorted to expensive surgical treatment have been cured by the Pyramid Pile Cure—in a number of instances persons who had spent months in a hospital under a pile specialist.

It is a remedy none need fear to apply even to the most aggravated swollen and inflamed hemorrhoidal tumors.

If you are afflicted with this stubborn disease you can master it quickly.

This remedy is no longer an experiment, but a medical certainty. It is manufactured by the Pyramid Drug Co., of Albion, Mich.

Druggists sell it at 50 cents per box. It is becoming the most popular pile cure this country has ever known and druggists everywhere are ordering it for their customers.

The Republicans are rejoicing over "a clean sweep" they made at St. Paul, Minn., on the 6th instant. It came about in this way: the regular Democratic ticket had been left off the ballots by order of the courts, the Democratic citizens, or bolters, having secured an injunction against the regular Democratic ticket.

The American Manufacturer thinks it very likely that several states will soon try the plan advocated by the "Ohio Road Commissioner" of making steel roads for horse vehicles. This method involves the laying of broad parallel rails, flat and wide, so that the wagons on them may be turned off at will and may easily regain the steel road when it is desired. It would give wagons as easy a surface to run on as that which street cars have in the suburbs of large cities, and the cost, it is believed, of

laying such steel roads would be less than the expense of building first-class macadamized highways.

With the Republican Congress yet in session and the nomination of McKinley apparently in sight, R. G. Dun & Co.'s Weekly Review of Trade for last Saturday stated that a reduction in demand and a depression in prices prevailed.

Quick work! On the 6th inst. the Democratic Convention of Tennessee to nominate circuit judges met at Nashville. The incumbents, Judges S. F. Watson, of Sumner; M. M. Neil, of Gibson, and H. M. Barton, of Hamilton, were re-nominated. The convention was in session only seven minutes.

SAFE BLOWN.

Reichelderfer & Son's Warehouse Broken Into.

The Safe Blown and Ransacked—Valuable Notes Not Taken—The Safe was not Locked.

On Tuesday night between 12 and 2 o'clock the warehouse of Reichelderfer & Son, at Crider'sville, was broken into, and the safe, which is a fire-proof affair, was blown open. The office in which the safe was kept was badly shattered. The safe was used only for books and valuable papers, and was never locked. At the time it was blown it contained notes to the value of \$500, which were not disturbed. The burglars made good their escape, although they took no booty with them.

CALISTHENIC MEDAL

Won by Walter Campbell—Presentation to be Made May 20th.

Last evening the last medal, the calisthenic, was won by Campbell, with 107 points; Dalzell, 101; Moon, 92. The calisthenics consisted of two twelve-minute drills—corrective drill exercise and bar bell drill—which were given in the Athletic Carnival in Faurot's opera house, April 28th, by senior members.

Mr. Campbell's work throughout the season has been very successful. The agility and endurance shown by him in the advanced grade contests brought him very close to the victor point, but failed to have the required number of points. If any one of the 200 active members of the gymnasium deserved a trophy in the form of a medal for excellent work, Mr. Campbell held that position.

The presentation of medals will take place next Wednesday evening, May 20th, at 8 o'clock. A program has been arranged, and it will be an excellent opportunity to view the medal winners of the association. Mr. Holmes, president of the association, will present the medals. Public invited.

THE MAMMOTH'S PROGRESSIVE LEADERSHIP.

THE valid, intrinsic bargain is the seal of modern business and the stamp of legitimate leadership. Judged by this standard we flinch before no arraignment. Our course is as clear as the unbounded sea. Our purpose as inflexible as casted steel. Our principles registered with the people, accepted by the people, will only perish when leadership is deserted by ambition, and progress becomes an exploded conceit.

... THE BONE AND SINOW ...

Of Our Successful Business is the

HONEST BARGAIN!

By the word bargain we mean the unusual and exceptional value in wanted wearables. By our Twentieth Century methods of merchandising we have raised the term "Bargain" from the mire of misrepresentation in which it had for years been trailed, and given it rank and status among the most expressed words in the English tongue. Every item quoted in this advertisement is a bargain, pure and simple—as rich as it is rare and is such because it is seasonable, desirable and unmatched by any concern in Northwestern Ohio. This is a truth worth grasping.

THE MAMMOTH STORE.

If surpassing values count for anything! If reasonable merchandise is desired! If low prices can influence trade, then THIS PAGE OF PHENOMENAL BARGAINS show show masterfully we solve the problem of touching the people's hearts, not only with reliable goods and methods, but also through the pocket-books.

A POINTED ARGUMENT!

We can either save you money or we can't. We can either make it pleasant for you to deal here or unpleasant. Our goods are either good or bad. How are you going to find out unless you come and see? THE MAMMOTH'S PROGRESSIVE LEADERSHIP.

THE valid, intrinsic bargain is the seal of modern business and the stamp of legitimate leadership. Judged by this standard we flinch before no arraignment. Our course is as clear as the unbounded sea. Our purpose as inflexible as casted steel. Our principles registered with the people, accepted by the people, will only perish when leadership is deserted by ambition, and progress becomes an exploded conceit.

The Mammoth's Incomparable Enterprise Is the Talk of the Commercial World To-day!

The extraordinary values which this enterprise permits us to place before the people has made the name of **THE MAMMOTH** familiar in every household throughout the entire county and adjoining counties. ... THE BONE AND SINOW ...

Of Our Successful Business is the

HONEST BARGAIN!

By the word bargain we mean the unusual and exceptional value in wanted wearables. By our Twentieth Century methods of merchandising we have raised the term "Bargain" from the mire of misrepresentation in which it had for years been trailed, and given it rank and status among the most expressed words in the English tongue. Every item quoted in this advertisement is a bargain, pure and simple—as rich as it is rare and is such because it is reasonable, desirable and unmatched by any concern in Northwestern Ohio. This is a truth worth grasping.

THE MAMMOTH STORE.

If surpassing values count for anything! If reasonable merchandise is desired! If low prices can influence trade, then THIS PAGE OF PHENOMENAL BARGAINS show show masterfully we solve the problem of touching the people's hearts, not only with reliable goods and methods, but also through the pocket-books.

Figure 1. The effect of the number of trials on the number of correct responses. The number of correct responses was significantly higher than the number of incorrect responses in all cases. Error bars represent the standard error of the mean.

THE - POSTOFFICE

Enjoys the biggest trade in town; but as we claim to have always been next to the postoffice, (next door) it was fitting that, the latter having vacated its old quarters, we should take possession. So that's what we did, and this

OFFICIAL NOTICE

Is printed so that everybody may know it. It is important that you should know where to find us, for it wouldn't do to have people dropping dead in the street, not knowing where to find us, when we have a whole store full of medicines, with which we gladly save all the lives we can. So, henceforth,

IF ANYTHING'S THE MATTER WITH YOU, GO TO THE POSTOFFICE.

The old postoffice, of course, not the new. There in the future, as in the past, you may feel sure your prescriptions will always be carefully compounded, and at reasonable prices.

DEATH ON THE GALLOW.

Scott Jackson Must Hang for the Murder of Pearl Bryan.

The Jury in the Famous Case Prings in a Verdict of Murder in the First Degree.

At three o'clock this afternoon the following telegram was received concerning the termination of the celebrated Pearl Bryan murder case:

Newport, Ky., May 14.—At 12:05 the jury in the Scott Jackson case brought in a verdict of "We, the jury, find the defendant, Scott Jackson, guilty of murder in the first degree, and fix his penalty at death."

THE "PUNCTURE" LAW.

Local Wheelmen Are Endeavoring to Have It Enforced.

Criminal Action Commenced in Justice Mowen's Court Against Richard Bailey, a Janitor.

Cloyd S. Brotherton, Secretary of the Lima Cycling club, and F. E. Harman, local consul for the League of American Wheelmen, appeared in Justice Mowen's court this afternoon and began a criminal action to cause the enforcement of the new "puncture" law passed by the State legislature April 16th.

The defendant in the case is Richard Bailey, a janitor employed at the old postoffice building. The affidavit which Mr. Brotherton signed charges Bailey with violating the new law by throwing upon Main street, which is a public highway, pieces of broken glass, nails and other articles not intended for the improvement or construction of a public highway, that are injurious to pneumatic tires.

Mr. Harman has in his possession pieces of broken glass bottles and other obstructions which he claims were thrown into the street by Bailey. It is claimed by the wheelmen that several witnesses have been secured who saw Bailey throw the rubbish into the street, and at the time called his attention to the fact that a law had been passed making such an act a misdemeanor, punishable by a fine. They also claim that Bailey refused to pick the stuff up from the street and remarked that he had the money with which to pay his fine. The offense is punishable by a fine not less than \$5 or more than \$50.

Constable Miller being out of the city, Bailey has not yet been arrested, but will probably be arraigned this evening.

BICYCLES AS BAGGAGE.

The P. F. W. & C. R. R. Will Check Wheels Free.

More Air Brakes Equipment for the L. E. & W.—Railroad News of General Interest.

By a law that was passed by the late legislature, railroads are compelled to check and carry bicycles as ordinary baggage. General passenger agent O. A. Ford and chief baggage master R. E. Bentley, of the P. F. W. & C. R. R., have issued a bulletin to the effect that bicycles can be checked free by one holding transportation. The wheels are not to be checked beyond any terminal or junction connecting with other lines. The agents are instructed to notice a broken wheel and to handle all wheels with precaution on account of their delicacy and fragile construction.

MORE AIR ON THE L. E. & W.

Instructions have been given to equip five thousand Lake Erie & Western freight cars with automatic couplers and air-brakes, and its sixty engines will be equipped with air-brakes. It will require several months to complete the work, but it is to be the chief business of the company's shops for some time.

NOTES.

Supt. Cory, of the C. H. & D., is in Cincinnati.

Fireman A. W. Wise, of the C. H. & D., is laying off.

J. L. Orbison, of the C. H. & D., at Cincinnati, is in the city.

Fireman W. L. Belford and Engineer Dickman are laying off.

Roadmaster Craig, of the P. F. W. & C. R. R., was in Lima this morning.

D. B. Hurst will leave to-morrow for Chicago, to assume his new duties as trainmaster for the Chicago & Alton. Mrs. Hurst will leave soon on an extended visit in Northern Michigan, and until she returns their household furnishings will not be removed to Chicago.

Rufus Hill, master mechanic of the Pennsylvania railroad, says: "Last summer the Pennsylvania railroad made its initial experiment in the use of electricity on a line from Burlington to Mt. Holly, in New Jersey. The success of this experiment was beyond question. Within a month the schedule was made at the rate of over 60 miles an hour, with frequent trains. We believe now that every part of the entire Pennsylvania system will be operated by electric locomotives. During the coming summer we shall make wide extensions in that direction. Eventually—that is, within a few years—we hope to have every mile of the Pennsylvania railroad system operated by electricity."

FOR CRUELTY TO HORSES.

Wm. Verbrake and Oliver Eley Fined by Justice Atmur.

Yesterday afternoon Ben H. Kepner, agent for the Lima Branch of the Ohio Humane Society, appeared before Justice Atmur and signed an affidavit charging Wm. Verbrake and Oliver Eley with overdriving and otherwise cruelly treating a team belonging to Guy Curtis.

The defendants appeared before Justice Atmur last evening and were fined \$5 and costs each.

RESIGNATION.

Of General Manager Dunham of the Ohio Southern.

The Resignation Now in Effect—J. H. Burgoon Made General Superintendent of that Road.

J. R. Megrue and N. E. Matthews, receivers for the Ohio Southern, have received from A. S. Dunham his resignation as General Manager of the Ohio Southern railroad, and have accepted the same. To-morrow morning the receivers will issue notice of this fact to the various departments of this road, instructing them to report hereafter to the receivers.

Another order also will be issued to-morrow which will state that J. H. Burgoon has to-day, the 15th, been appointed superintendent of the Ohio Southern railroad, in charge of the operation of the road, with headquarters at Springfield, Ohio. I. H. Burgoon is an experienced railroad man of recognized ability. He at one time was general manager of the Findlay, Ft. Wayne & Western road, and is at present general superintendent and general freight and passenger agent of the Utah Central, with headquarters at Salt Lake City, Utah.

Several other Ohio Southern appointments and promotions were made to-day. C. A. Barnard received the position of general freight agent; F. E. Fisher, that of assistant general passenger agent, and C. A. Chambers as general agent for the Ohio Southern, with headquarters at Cincinnati.

STOLEN BRASS.

The C. H. & D. Railroad Company Cars Robbed.

The Theft Occurred in the Yards in South Lima—No One Arrested for the Job.

Yesterday the discovery was made by the C. H. & D. that some one had robbed the road of about one hundred brasses, which are used for bearings on railway cars. The theft occurred in the South Lima yards, but just when it is not known.

About one week ago a train of gondola cars was placed on a South Lima switch and yesterday morning a special was ordered to take them south. When near Wapakoneta the train men noticed that there were several hot boxes. The train was stopped, and upon investigation it was discovered that almost every box was hot and that the brasses were missing. When the train reached Wapakoneta the officials at Lima were notified, and an investigation was ordered, but there could be found no clew. It is supposed that the stolen brasses were shipped away before the discovery was made. The police were notified and the different junk shops visited, but they had purchased nothing of that kind. The brasses lost are valued at about \$100.

The damage to the cars by the axles grinding on rough bearings will be considerable. This is not the first time such an offense has been committed and efforts will be made to locate the thieves.

ANOTHER DROP.

Eastern and Western Oil Declines Two Cents.

The Buckeye Pipe Line Co. to-day announced another decrease of two cents in the price of crude oil. The reduction was general for all products both eastern and western. The quotation given for eastern oil \$1.20; North Lima 65c; South Lima 63c; and Indiana 62c.
